

Wood Plastic Composite (WPC)

There are two types of WPC: PLUS and ULTRA. They are not to be considered alternatives as the material choice is dependent on the technical features of each design.

It is very important to follow the manufacturer's **"Care and Maintenance"** guide to retain your product's warranty. In case of any doubt about the proper maintenance procedure, please contact id created for support.

WPC PLUS

WPC ULTRA
Specific to BAILO and LIVE only.

These images are merely indicative; please refer to physical sample.
